THE TOWN CENTER

The heart of style and recreation

Shop, wine and dine at the Town Center. Meet up with friends, stay for coffee, or chat on the net.

Pockets of greenery enhance the Town Center landscape, while stunning views of the always-verdant golf courses greet the eye from every corner.

A centrally located business and commercial complex, the 57-hectare Town Center has provisions for specialty shops and restaurants, a retail mall, entertainment and business centers. Residential developments include golf villas, townhouses and condominiums. Community facilities are envisioned to include a school, fire and police stations, medical and dental clinics, administration offices and others.

MICROTEL INNS & SUITES
Nestled inside the Eagle Ridge Golf and Country Club is the 60-room Microtel Inns & Suites. The blue and white colonial-style hotel offers first-rate amenities and services, including a conference room, business centre, coffee shop, and reception lobby.

THE RESIDENTIAL ESTATES

The height of gracious living

Eagle Ridge values you into a world of distinctive suburban living, your very own space in a private and exclusive residential enclave.

The good life beckons from every home, in a well-contained community where work and play come together. Secure private roads weave between the parklands. The vast expanse of golfing greens provide a verdant backdrop - your very own backyard where you can greet the sun as it rises each morning, or marvel at its brilliance as it sets at dusk.
